

ANNUAL REPORT

2019

RESEARCH, AWARENESS, SUPPORT

“

I've been battling my 2nd recurrence of Cervical Cancer since May 2019. Last year was very difficult for me and the Laura Crandall Brown Foundation and MLTL fund helped me and my husband tremendously. The CanSurvive group meetings helped me get my mind off my situation. When I heard some possibly life-changing news before Christmas, the ladies were able to encourage me to keep moving forward no matter my circumstances. I'm very thankful!

-Judy H.

”

“

This help took a huge weight off my shoulders as everything was happening so fast. [LCBF] called me and took some of those immediate worries off my plate.”

-Karla A.

“

My heart is just so full right now. I have never had anyone do anything so kind for me.”

- Shentonia R.

“

My children would not have had a Christmas without the help and generosity of the Laura Crandall Brown Foundation.”

-Amanda F.

ABOUT LAURA

In 2009 Laura Crandall Brown passed away at the age of 25 from ovarian cancer. Her loving and courageous spirit inspired her friends and family to create the Laura Crandall Brown Ovarian Cancer Foundation to honor her life, memory, and vision of helping others. Today, the Laura Crandall Brown Foundation works to fulfill a threefold mission: offering hope through early detection research of ovarian cancer, empowering communities through gynecologic cancer awareness, and enriching lives through support.
